

DELICOMP FWS-500 COMPACT FOOD WASTE STATION

“Waste management equipment for the demanding maritime and offshore industry that gets the job done efficiently, safely and in an environmentally responsible manner.”

Food Waste disposer with integrated storage capacity. A simple and solid system for small crew sizes between 5 to 50 persons containing macerator, holding tank and discharge pump.

Water is automatically added. The macerator comminutes the food waste down to the required sizes. Mixed with water it will be stored in a holding tank of pre-selected size.
